

## A National Highways notification

### **A38 Heathfield to Kenn 20 December to 7 January overnight intermittent works**

National Highways operates, maintains and improves England's motorways and major A roads.

We'll be carrying out drainage pipe replacement and surveys on this section of road between 20 December and 7 January. We'll work overnight to minimise disruption to daytime traffic. During the day the road will be open as usual but please allow extra time for your journey if travelling overnight. No works will take place over the Christmas break.

Please accept our apologies in advance for any inconvenience this may cause. We'll make every effort to ensure the impact on the local community and travelling public is kept to a minimum.

We always aim to work to the programme, however unforeseen circumstances or adverse weather conditions may mean changes.
